

Building the National Pigeon Associations' Future

It's an established fact that if an individual, family or organization wants to accomplish something special, it involves money.

The NPA would be more effective in accomplishing our goals if we could fund our projects in a responsible and structured manner.

The Trust will never spend the donated undesignated funds, but invest it.

The generated annual investment income will become the funds to finance the needed projects.

"It's an exciting time to be in the American Pigeon Hobby. Be part of the solution. Become a donor." *John Heppner – Past President of the NPA*
